33.3	21.6	17.5%	16.0%

The attached is a replacement presentation to reflect this.

Yours sincerely

OUTLOOK AND STRATEGY

Current Environment

- Exploration activity shows no signs of improving, except for iron ore sector – affects exploration drilling, mineral assaying and some manufacturing
- Equipment hire continues to experience tough conditions
- General focus on costs – reduced spend by miners affects maintenance activities
- Environment remains competitive
- Iron ore price stable, however, production volumes rising
- Gold prices are volatile, however, world economies still mixed and subject to uncertainty
- Equity markets not conducive to funding of new resource projects
- Mining volumes expected to increase in FY15 for the African business
- Tender activity still provides opportunities for Ausdrill to source new work

Strategic Initiatives

Ausdrill's strategy is to continue its focus on strengthening its business in the Australian and African markets by:

- improving our clients' knowledge of the benefits of the package of diversified services offered by the Ausdrill Group;
- working with our clients to improve service, safety and productivity whilst maintaining quality;
- identifying and pursuing new opportunities;
- reviewing cost structures within the Group, including employee numbers;
- improving performance of specialist services provided, including MinAnalytical and Energy Drilling Australia;
- reviewing working capital to ensure that it is commensurate with current levels of activity;
- restricting capital expenditure to replacement needs or identified growth opportunities; and
- extracting and realising the full benefit of cost synergies and revenue opportunities within the Group.

Targeted Outcomes

- Continue to deleverage the business over next two years by:
 - reducing capex: FY2014 \$50 million to \$60 million, redeploy idle equipment in the group and also minimises any potential impairment issues
 - reduce inventory holdings
 - maintaining dividends at no less than historic payout ratios
 - target contract renewals as they roll-off or alternative work sourced
