YANFOLILA PROJECT UPDATE

Diversified mining services company Ausdrill Limited (**ASX: ASL**) advises that there has been a security incident at the Yanfolila project in Mali at which its wholly owned subsidiary, African Mining Services (**AMS**), is providing mining services for Hummingbird Resources plc (**Hummingbird**).

Attached is a copy of the announcement made by Hummingbird relating to the incident. AMS has confirmed that its employees are safe.

About Ausdrill

Ausdrill (ASX: ASL) is a diversified mining services company. Since its formation in Kalgoorlie in 1987, Ausdrill has grown significantly and now has operations across Australia, Africa and the United Kingdom. Ausdrill is a leader in providing services in contract mining, grade control, drill & blast, exploration, mineral analysis, procurement & logistics. The Ausdrill Group employs over 5,000 staff worldwide.

Hummingbird Resources plc
(“Hummingbird” or the “Company”)

Security incident in Mali

In recent days, a limited number of people in the local area have disputed the Company’s plan, previously agreed with local community leaders, the Government of Mali’s Ministry of Mines and local government, to extend mining operations within the Company’s permit area to the Komana West deposit. Our understanding is that this group of people were acting unilaterally to stop the Company carrying out initial site preparation work at Komana West.

The Company has been informed by the Malian National Guard that while upholding the rule of law, requested of them by the Government of Mali, a security incident occurred. Very regrettably, we have been informed that this incident has led to the loss of at least three lives (two of which are believed not to be Malian nationals). The Company expresses its sincerest condolences to the families of the deceased and others affected by this incident.

All Hummingbird employees and contractors are safe. The process plant continues to operate at this time.

The Government of Mali has a 20% interest in the Yanfolila Gold Mine and the mine has a 95% Malian work force.

Further updates will be given by the Company as appropriate.

About Hummingbird Resources Plc

Notes to Editors

Hummingbird Resources (AIM: HUM) is a leading gold production, development and exploration company. The Company has two core gold projects, the Yanfolila Gold Mine in Mali and the Dugbe Gold Project in Liberia.

Yanfolila produced its first gold pour on time and budget in December 2017 and is expected to produce approximately 107,000oz gold/year on average over the Life of Mine. Yanfolila holds Probable Reserves of 709,800oz @ 3.14g/t, total Resources of 1.8Moz of gold and an additional 390,700oz of non-compliant exploration potential.

The Dugbe Gold Project has Resources currently totalling 4.2Moz of gold and a completed NI 43-101 compliant PEA on the project showing a 29% IRR and US\$186m NPV at a US\$1,300 gold price.

In addition to Hummingbird's production and development assets, the Company also has an exploration footprint of ~4,000km² and a 34% interest in AIM listed Cora Gold, which is advancing a portfolio of prospects in Mali and Senegal.
