DIRECTORS' REPORT

The Directors present their report on Strike Resources Limited ABN 94 088 488 724 (**Company** or **SRK**) and its controlled entities (the **Consolidated Entity** or **Strike**) for the financial year ended 30 June 2019 (**Balance Date**).

SRK is a company limited by shares that was incorporated in Western Australia and has been listed on the Australian Securities Exchange (**ASX**) since 7 March 2000 (ASX Code: SRK).

The Company has prepared a consolidated financial report incorporating the entities that it controlled during the financial year, being wholly owned subsidiaries.

PRINCIPAL ACTIVITIES

Strike Resources is an ASX listed resource company which owns the high grade Apurimac Magnetite Iron Ore Project and Cusco Magnetite Iron Ore Project in Peru and the Paulsens East Iron Ore Project in Western Australia. Strike is also developing a number of battery minerals related projects around the world, including the highly prospective Solaroz Lithium Brine Project in Argentina and the Burke Graphite Project in Queensland.

Strike's principal activities during the financial year were:

- the investigation of potential value-adding strategies in relation to the development of its Apurimac Iron Ore Project in Peru;
- the evaluation of its Paulsens East Iron Ore Project in Western Australia;
- the acquisition and evaluation of its Solaroz Lithium-Brine Project in Argentina;
- the exploration and evaluation of its Burke Graphite Project in Queensland.

REVIEW OF OPERATIONS

Apurimac Iron Ore Project (Peru)

Strike's Apurimac Iron Ore Project in Peru is recognised as one of the highest grade, large scale magnetite projects in the world with the potential to support the establishment of a significant iron ore operation.¹ Over A\$50 million has been invested by Strike since 2005 on acquisition, exploration, study and operational costs relating to its Peru assets, including a Pre-Feasibility Study completed in 2008² and updated in 2010³ on the Apurimac Project.

During 2018:

- The Ministry of Transport and Communications in Peru (**MOTC**) announced that it would undertake a formal study to build a multi-user railway from the inland city of Andahuaylas in southern Peru, to the mineral export Port of San Juan de Marcona on the west coast of Peru (the **Andahuaylas Railway**)⁴; and
- The MOTC awarded a tender to an international consortium of engineering companies to study the feasibility of constructing the proposed Andahuaylas Railway (**Consortium**).⁵

Strike's Apurimac Project is located only 20km from the city of Andahuaylas. The proposed Andahuaylas Railway (approximately 570km in length) would provide a direct link from Strike's Project to an established mineral export port, significantly improving the Apurimac Project's development prospects.

In April 2019, Strike executed a Cooperation and Confidentiality Agreement⁶ with the Consortium to provide input and assistance to the Andahuaylas Railway study. Under this agreement, Strike is sharing its own 2010 railway study³ (which was an update to its 2008 Pre-Feasibility Study²) on the Apurimac Project with the Consortium and providing additional assistance as necessary to assist with the completion of the study.

Strike has been advised that the Consortium's Andahuaylas Railway study is expected to be completed by the June 2020 quarter.

DIRECTORS' REPORT

With spot prices for iron ore strengthening from the lows of approximately US\$40 per tonne in December 2015 to approximately US\$93/t as at 20 September 2019 (with a 12 month trading range of approximately US\$68/t to 121/t)⁷, the timing of the MOTC Andahuaylas Railway initiative, being co-incident with strengthening iron ore prices, is considered by Strike to be positive for the Apurimac Project.

Strike is encouraged by the prospect of the Andahuaylas Railway and has re-started project activity in Peru. Given the feasibility and time framework for the construction of a potential railway from Strike's Apurimac deposit to the coast is yet to be finalised, Strike is examining ways in which it can potentially bring a smaller scale mining and trucking operation into production in the near term utilising very high grade surface and near surface mineralisation that is present across the Opaban 1 and Opaban 3 deposits at Apurimac.⁸

Paulsens-East Iron Ore Project (Western Australia)

The Paulsens East Iron Ore Project is located approximately 140 kilometres west of Tom Price, 8 kilometres from the Paulsens Gold Mine and only 233 kilometres by road (of which 210 kilometres is good quality paved road) from the Port of Onslow. Paulsens East consists of hematite iron ore mineralisation occurring as a ridge rising to approximately 60 metres above the valley floor and extending for approximately 3,000 metres West to East.

With the increase in iron ore prices, Strike has recommenced previous work conducted between 2006 - 2008 to examine the potential for undertaking a Direct Shipping Ore (**DSO**) mining operation using contract mining, crushing and transportation by truck to port then ship to China.⁸

On 18 July 2019, Strike reported a significant Maiden JORC Inferred Mineral Resource for Paulsens East.⁹

On 4 September 2019, Strike reported a significant upgrade of the Paulsens East resource from an Inferred to an Indicated JORC Mineral Resource category.¹⁰

Strike is conducting the following activities to advance Paulsens East¹¹:

- Undertake detailed metallurgical test work for the deposit including lump to fines ratio, crushing indices, tumble index etc.
- Undertake an economic viability study based upon a contract mining, crushing and transportation operation.
- Restart and conclude Environmental Survey and Native Title Agreements (which were previously commenced but not completed) and other statutory approvals to mine.
- Conversion of the current Retention Licence to a Mining Lease.
- Undertake a mine planning study.
- Ongoing discussions with potential transport and mining contractors and a number of port facilities.
- Ongoing discussions with potential offtake partners for the sale of an expected high grade premium product.

DIRECTORS' REPORT

Solaroz Lithium Project (Argentina)

In March 2019, Strike acquired a 90% interest in 12,000 hectares of highly prospective lithium concessions in North-West Argentina.¹² The Solaroz Lithium Brine Project (**Solaroz**) is located within the Salar de Olaroz Basin and is directly adjacent to or surrounded by concessions held by ASX-listed Orocobre Limited (ASX:ORE) and TSX-listed Lithium Americas Corporation (TSX:LAC).

The Orocobre-Toyota Tsusho JV Lithium Facility is producing lithium carbonate from lithium-rich brine extracted from bore fields drilled on the salar. Strike believes that the aquifer which supplies the lithium-rich brine being extracted by Orocobre is likely to extend under Strike's Solaroz concessions.

Strike is targeting a fast track exploration programme to test its geological model for Solaroz.¹³ Strike has completed an Environmental Impact Assessment (**EIA**) Report for exploration work at Solaroz.¹⁴ Once the EIA is approved, Strike will commence a drilling programme to delineate the extent of potential lithium brine, its grade and related hydrological matters to identify the potential for commercial development of Solaroz.

The terms of acquisition are also summarised in Note 21(f) (Contingencies - Deferred Payments Relating to Acquisition of Solaroz Lithium Project (Argentina)) of the financial statements.

Burke Graphite Project (Queensland)

Strike's Burke Graphite Project¹⁵ (in which Strike holds a ~70% interest¹⁶) is located in the Cloncurry region in North Central Queensland, where there is access to well-developed transport infrastructure to an airport at Mt Isa (~122km) and a port in Townsville (~783km).

In November 2017, Strike defined a maiden Inferred Mineral Resource estimate for the Burke Project with the grades placing the Burke deposit as one of the highest-grade deposits of graphite in the world held by an Australian listed company.¹⁷

In June 2018, Strike announced the completion of a ground Electro Magnetic (**EM**) survey covering the south-eastern corner of Burke tenement EPM 25443 (North) (drilled by Strike in 2017¹⁸) and the Corella tenement EPM 25696 (South) (located ~20 km south of EPM 25443), which identified the Corella Prospect as a significant target area for additional high grade mineralisation as well as identifying new zones of increased conductivity adjacent to previously drilled graphite mineralisation at the Burke Prospect.¹⁹

Strike is considering undertaking further metallurgical test work to examine the potential suitability of Burke graphite for use in electric vehicle (EV) batteries.

16 In July 2017, Strike completed its earn-in obligations to acquire a 60% interest in the Burke Graphite Project tenements. All subsequent expenditure on the project are shared in proportion to the owners' interests (with an industry standard dilution to apply if a party elects not to contribute their share).

DIRECTORS' REPORT

Lithium and Gold Exploration Tenements (Western Australia)

The North Pilbara hosts a number of lithium and tantalum prospects with mineralisation occurring either within pegmatite veins or within alluvials draining the elevated areas containing pegmatite veins.

In 2016²⁰, Strike applied for Exploration Licences EL 45/4799 and E45/4800 totalling ~31,000 hectares in the North Pilbara of Western Australia - these tenements existed within the extent of the known lithium and tantalum mineral fields in the region, adjacent to licences that have outcropping lithium and tantalum elevated pegmatite occurrences.

Following reviews of historical information and ground based reconnaissance and sampling programmes, Strike relinquished tenement EL45/4799 in January 2019 due to lack of prospectivity for the target minerals (lithium and gold).

DIVIDENDS

No dividends have been paid or declared during the financial year.

CAPITAL RAISING

On 18 July 2019, the Company raised \$0.981 million through a placement of 21,800,000 shares at 4.5 cents per share to professional and sophisticated investors, being the maximum available under the Company's 15% placement capacity under the ASX Listing Rules.

The funds raised from the placement (after paying expenses of the issue) will be applied towards the costs of advancement of exploration, evaluation and development of the Company's Paulsens East Iron Ore Project and other resource projects and for general working capital purposes.

This issue was ratified and approved by shareholders at a general meeting²¹ held on 6 September 2019²², thus refreshing the Company's 15% placement capacity under the ASX Listing Rules.

SECURITIES ON ISSUE

The Company currently has 167,134,268 fully paid ordinary shares on issue (30 June 2019 and 30 June 2018: 145,334,268). All such shares are listed on ASX. The Company has no other securities on issue.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There have been no significant changes in the state of affairs of the Consolidated Entity save as otherwise disclosed in this Directors' Report or the financial statements and notes thereto.

FUTURE DEVELOPMENTS

The Consolidated Entity will continue to:

- investigate potential value-adding strategies in relation to the development of its Apurimac Iron Ore Project in Peru;
- evaluate the development of its Paulsens East Iron Ore Project in Western Australia;
- advance its other resource projects through exploration, evaluation and development; and
- potentially investigate and pursue other prospective projects in the resources sector.

DIRECTORS' REPORT

The likely outcomes of these activities depend on a range of technical and economic factors and also industry, geographic and other strategy specific issues. In the opinion of the Directors, it is not possible or appropriate to make a prediction on the results of these activities, the future course of markets or the forecast of the likely results of the Consolidated Entity's activities.

ENVIRONMENTAL REGULATION

The Consolidated Entity holds mineral tenement/concession licences issued by the relevant mining and environmental protection authorities of the various countries in which Strike operates (from time to time). In the course of its mineral exploration, evaluation and development activities, the Consolidated Entity adheres to licence conditions and environmental regulations imposed upon it by various authorities (as applicable). The Consolidated Entity has complied with all licence conditions and environmental requirements (as applicable) during the financial year and up to the date of this report. There have been no known material breaches of the Consolidated Entity's licence conditions and environmental regulations during the financial year and up to the date of this report.

REMUNERATION REPORT

This Remuneration Report details the nature and amount of remuneration for each Director and Company Executive (being a company secretary or senior manager) (**Key Management Personnel**) of the Company.

The information provided under headings (1) to (8) below has been audited for compliance with section 300A of the *Corporations Act 2001 (Cth)* as required under section 308(3C).

(1) Key Management Personnel disclosed in this report

Name	Current Position	Tenure
Farooq Khan	Chairman	Chairman since 18 December 2015; Director since 1 October 2015
William Johnson	Managing Director	Managing Director since 25 March 2013; Director since July 2006
Victor Ho	Director and Company Secretary	Director since 24 January 2014; Company Secretary since 30 September 2015
Malcolm Richmond	Non-Executive Director	Director since 25 October 2006; Previously, Chairman between 3 February 2011 and 18 December 2015
Matthew Hammond	Non-Executive Director	Since 25 September 2009

(2) Remuneration Policy

The Board (with guidance from the Remuneration and Nomination Committee) determines the remuneration structure of all Key Management Personnel having regard to the Consolidated Entity's strategic objectives, scale and scope of operations and other relevant factors, including experience and qualifications, length of service, market practice (including available data concerning remuneration paid by other listed companies in particular companies of comparable size and nature within the resources sector in which the Consolidated Entity operates), the duties and accountability of Key Management Personnel and the objective of maintaining a balanced Board which has appropriate expertise and experience, at a reasonable cost to the Company.

The Remuneration and Nomination Committee: A purpose of the Committee is to assist the Managing Director and the Board to adopt and implement a remuneration system that is required to attract, retain and motivate the personnel who will enable the Company to achieve long-term success. In carrying out this 'remuneration function', the Committee's key responsibilities are to:

- make recommendations to the Board on the specific benefits to be provided to the Managing Director within the policy
- conduct an annual review of Non-Executive Directors' fees and determining whether the limit on the Non-Executive Directors' fee pool remains appropriate, and
- assist the Managing Director to determine the remuneration (including equity-based remuneration) of 'Senior Management' (being executive direct reports to the Managing Director and other senior employees) and advise on those determinations.

A copy of the Remuneration and Nomination Committee Charter may be downloaded from the Company's website: <http://strikeresources.com.au/corporate/corporate-governance/>.

Corporate Governance Principles: The Company's Corporate Governance Statement (**CGS**) also addresses matters pertaining to the Board, Senior Management and Remuneration.

The latest version of the CGS may be downloaded from the Company's website: <http://strikeresources.com.au/corporate/corporate-governance/>.

Fixed Cash Short-term Employment Benefits: The Key Management Personnel of the Company are paid a fixed amount per annum plus applicable employer superannuation contributions. The Non-Executive Directors of the Company are paid a maximum aggregate base remuneration of \$550,000²⁴

²⁴ As approved by shareholders at the Annual General Meeting held on 25 November 2009; refer SRK's Notice of Annual General Meeting released on ASX on 27 October 2009 and SRK's ASX Announcement dated 25 November 2009: Results of Annual General Meeting

REMUNERATION REPORT

per annum inclusive of employer superannuation contributions where applicable, to be divided as the Board determines appropriate.

The Board has determined the following fixed cash remuneration for current Key Management Personnel as follows:

- (a) Mr Farooq Khan (Chairman) - a base fee of \$80,000 per annum plus employer superannuation contributions;
- (b) Mr William Johnson (Managing Director) - a base fee of \$208,000 per annum plus employer superannuation contributions;
- (c) Mr Victor Ho (Director and Company Secretary) - a base fee of \$95,000 (comprising \$45,000 Director's fees and \$50,000 Company Secretarial fees) per annum plus employer superannuation contributions;
- (d) Mr Malcolm Richmond (Non-Executive Director) - a base fee of \$45,000 per annum plus employer superannuation contributions; and
- (e) Mr Matthew Hammond (Non-Executive Director) - a base fee of \$45,000 per annum.

Special Exertions and Reimbursements: Pursuant to the Company's Constitution, each Director is also entitled to receive:

- Payment for reimbursement of all travelling, hotel and other expenses reasonably incurred by a Director for the purpose of attending meetings of the Board or otherwise in and about the business of the Company; and
- In respect of Non-Executive Directors, payment for the performance of extra services or the making of special exertions for the benefit of the Company (at the request of and with the concurrence of the Board).

Short-Term Benefits: The Managing Director has the opportunity to earn an annual short-term incentive (**STI**) cash amount if predefined key performance indicators (**KPI's**) are achieved. The STI/KPI's are reviewed annually (where applicable). There were no STI KPI's set for the Managing Director in respect of the past 2018/19 financial year or the 2019/20 financial year.

Long-Term Benefits: Other than early termination benefits disclosed in 'Employment Agreements' below, Key Management Personnel have no right to termination payments save for payment of accrued unused annual and long service leave (where applicable) (other than Non-Executive Directors).

Equity-Based Benefits: The Company has not provided equity based benefits (e.g. grant of shares or options) to Key Management Personnel during the financial year. The Company has previously granted unlisted options to Key Management Personnel (refer 'Options Held By Key Management Personnel' below). There were no shares issued as a result of the exercise of options previously issued to Key Management Personnel during the financial year.

Employee Share Option Plan: The Company has an Employee Share Option Plan (the **ESOP**) which was last approved by shareholders at the 2008 Annual General Meeting held on 6 November 2008²⁵. The ESOP was developed to assist in the recruitment, reward, retention and motivation of employees (and potentially Executive Directors). Under the ESOP, the Board will nominate personnel to participate and will offer options to subscribe for shares in the Company to those personnel. A summary of the terms of ESOP is set out in Annexure B to the Company's Notice of Annual General Meeting and Explanatory Statement dated 8 October 2008²⁶. The Company has not granted any options to Key Management Personnel during the financial year.

Post-Employment Benefits: The Company does not presently provide retirement benefits to Key Management Personnel. The Company notes that shareholder approval is required where a Company proposes to make a "termination payment" (for example, a payment in lieu of notice, a payment for a post-employment restraint and payments made as a result of the automatic or accelerated vesting of share based payments) in excess of one year's "base salary" (defined as the average base salary over the previous 3 years) to a director or any person who holds a managerial or executive office.

(4) Employment Agreements

Details of the material terms of employment agreements entered by the Company with Key Management Personnel are as follows:

Key Management Personnel and Position Held	Relevant Date(s)	Current Base Salary/Fees per annum	Other Current Terms
William Johnson (Managing Director)	22 April 2013 (date of employment agreement) 11 March 2013 (commencement date) 1 May 2015 (date of effect of current remuneration)	\$208,000 plus employer superannuation contributions (currently 9.5% of base salary)	<ul style="list-style-type: none"> Standard annual leave (20 days) and personal/sick leave (10 days paid) entitlements plus entitlement to long service leave of 60 days after 7 years of service with an additional 5 days after each year of service thereafter. One month's notice of termination by the Company or employee. Immediate termination without notice if employee commits any serious act of misconduct. Permitted to be a Non-Executive Director of no more than 2 public companies provided that it does not compromise ability to devote the care and attention to the Company's affairs required by the position. Entitlement to cash short-term incentive (STI) payments in respect of up to 30% of annual base salary, as set by the Board (having regard to advice from the Remuneration and Nomination Committee) – no STI was defined in respect of the 2018/2019 financial year and as at the date of this report.

(5) Other Benefits Provided to Key Management Personnel

No Key Management Personnel has during or since the end of the financial year, received or become entitled to receive a benefit, other than a remuneration benefit as disclosed above, by reason of a contract made by the Company or a related entity with the Director or with a firm of which he is a member, or with a Company in which he has a substantial interest.

(6) Engagement of Remuneration Consultants

The Company has not engaged any remuneration consultants to provide remuneration recommendations in relation to Key Management Personnel during the year. The Board has established a policy for engaging external Key Management Personnel remuneration consultants which includes, inter alia, that the Non-Executive Directors on the Remuneration Committee be responsible for approving all engagements of and executing contracts to engage remuneration consultants and for receiving remuneration recommendations from remuneration consultants regarding Key Management Personnel. Furthermore, the Company has a policy that remuneration advice provided by remuneration consultants be quarantined from Management where applicable.

(7) Shares held by Key Management Personnel

The number of ordinary shares in the Company held by Key Management Personnel is set below:

Key Management Personnel	Balance at 30 June 2018	Received as part of remuneration	Net Other Change	Balance at 30 June 2019

DIRECTORS' REPORT

DIRECTORS' AND OFFICERS' INSURANCE

The Company insures Directors and Officers against liability they may incur in respect of any wrongful acts or omissions made by them in such capacity (to the extent permitted by the *Corporations Act 2001 (Cth)*) (**D&O Policy**). Details of the amount of the premium paid in respect of the insurance policies are not disclosed as such disclosure is prohibited under the terms of the contract.

DIRECTORS' AND OFFICERS' DEEDS

In addition to the rights of indemnity provided under the Company's Constitution (to the extent permitted by the *Corporations Act 2001 (Cth)*), the Company has also entered into a deed with each of the Directors and the Company Secretary (**Officer**) to regulate certain matters between the Company and each Officer, both during the time the Officer holds office and after the Officer ceases to be an officer of the Company, including the following matters:

- The Company's obligation to indemnify an Officer for liabilities or legal costs incurred as an officer of the Company (to the extent permitted by the *Corporations Act 2001 (Cth)*); and
- Subject to the terms of the deed and the *Corporations Act 2001 (Cth)*, the Company may advance monies to the Officer to meet any costs or expenses of the Officer incurred in circumstances relating to the indemnities provided under the deed and prior to the outcome of any legal proceedings brought against the Officer.

LEGAL PROCEEDINGS ON BEHALF OF COMPANY

No person has applied for leave of a court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of such proceedings. The Company was not a party to any such proceedings during and since the financial year.

AUDITORS

Details of the amounts paid or payable to the Auditors for audit and non-audit services provided during the financial year are set out below:

Auditor	Audit & Review Fees \$	Non-Audit Services \$	Total \$
Rothsay Auditing	14,000	-	14,000

The Board is satisfied that the provision of non-audit services by the Auditors during the year is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001 (Cth)*. The Board is satisfied that the nature of the non-audit services disclosed above did not compromise the general principles relating to auditor independence as set out in the Institute of Chartered Accountants in Australia and APES 110 Code of Ethics for Professional Accountants: Professional Independence, including reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company, acting as advocate for the Company or jointly sharing economic risk and rewards.

Rothsay Auditing continues in office in accordance with Section 327 of the *Corporations Act 2001 (Cth)*.

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the Auditor's Independence Declaration as required under section 307C of the *Corporations Act 2001 (Cth)* forms part of this Directors Report and is set out on page 18. This relates to the Audit Report, where the Auditors state that they have issued an independence declaration.

DIRECTORS' REPORT

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the financial year ended 30 June 2019

1. ABOUT THIS FINANCIAL REPORT

1.1 Background

This financial report covers the consolidated financial statement of the consolidated entity consisting of Strike Resources Limited (the **Company**), its subsidiaries and investments in associates (the **Consolidated Entity** or **Strike**). The financial report is presented in the Australian currency.

Strike Resources Limited is a company limited by shares incorporated in Australia and whose shares are publicly traded on the Australian Securities Exchange (**ASX**).

These financial statements have been prepared on a streamlined basis where key information is grouped together for ease of understanding and readability. The notes include information which is required to understand the financial statements and is material and relevant to the operations, financial position and performance of the Consolidated Entity.

Information is considered material and relevant if, for example:

- the amount in question is significant because of its size or nature;
- it is important for understanding the results of the Consolidated Entity;
- it helps to explain the impact of significant changes in the Consolidated Entity's business; or
- it relates to an aspect of the Consolidated Entity's operations that may be important to its future performance.

The notes to the financial statements are organised into the following sections:

- Key Performance:** Provides a breakdown of the key individual line items in the statement of comprehensive income that is most relevant to understanding performance and shareholder returns for the year:

Notes	
2	Revenue
3	Expenses
4	Segment information
5	Income tax expense
6	Loss per share

- Financial Risk Management:** Provides information about the Consolidated Entity's exposure and management of various financial risks and explains how these affect the Consolidated Entity's financial position and performance:

Notes	
7	Cash and cash equivalents
8	Financial assets at fair value through profit or loss
9	Financial risk management
10	Fair value measurement of financial instruments

- Other Assets and Liabilities:** Provides information on other balance sheet assets and liabilities that do not materially affect performance or give rise to material financial risk:

Notes	
11	Receivables
12	Exploration and evaluation expenditure
13	Payables

- Capital Structure:** This section outlines how the Consolidated Entity manages its capital structure and related financing costs (where applicable), as well as capital adequacy and reserves. It also provides details on the dividends paid by the Company:

Notes	
14	Issued capital
15	Reserve
16	Capital risk management

- Consolidated Entity Structure:** Provides details and disclosures relating to the parent entity of the Consolidated Entity, controlled entities, investments in associates and any acquisitions and/or disposals of businesses in the year. Disclosure on related parties is also provided in the section:

Notes	
17	Parent entity information
18	Investment in controlled entities
19	Related party transactions

- Other:** Provides information on items which require disclosure to comply with Australian Accounting Standards and other regulatory pronouncements however, are not considered significant in understanding the financial performance or position of the Consolidated Entity:

Notes	
20	Auditors' remuneration
21	Commitments
22	Contingencies
23	Events occurring after the reporting period

Significant and other accounting policies that summarise the measurement basis used and presentation policies and are relevant to an understanding of the financial statements are provided throughout the notes to the financial statements.

1.2 Basis of Preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Australia Accounting Interpretations and the *Corporations Act 2001 (Cth)*. The Company is a for-profit entity for the purpose of preparing the financial statements.

Compliance with International Financial Reporting Standards (IFRS)

The consolidated financial statements of the Consolidated Entity comply with International Financial Reporting Standards (**IFRS**) as issued by the International Accounting Standards Board (**IASB**).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the financial year ended 30 June 2019

Reporting Basis and Financial Statement Presentation

The financial report has been prepared on a going concern basis and is based on historical costs modified by the revaluation of financial assets and financial liabilities for which the fair value basis of accounting has been applied.

The principal accounting policies adopted in the preparation of these financial statements have been consistently applied to all the years presented, unless otherwise stated.

1.3 Principles of Consolidation

The consolidated financial statements incorporate the assets and liabilities of the Company as at 30 June 2019 and the results of its subsidiaries for the year then ended. The Company and its subsidiaries are referred to in this financial report as Strike or the Consolidated Entity.

All inter-company balances and transactions between entities in the Consolidated Entity, including any unrealised profits or losses, have been eliminated on consolidation.

1.4 Comparative Figures

Where required by the Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial period.

1.5 Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST. Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the financial year ended 30 June 2019

1.6 Summary of Accounting Standards Issued But Not Yet Effective

The following new Accounting Standards and Interpretations (which have been released but not yet adopted) have no material impact on the Consolidated Entity's financial statements or the associated notes therein.

AASB reference	Title and Affected Standard(s)	Nature of Change	Application date
AASB 16	Leases	<p>AASB 16 requires lessees to account for all leases under a single on-balance sheet model in a similar way to finance leases under AASB 117 <i>Leases</i>. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset).</p> <p>Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. Lessees will be required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.</p> <p>Lessor accounting is substantially unchanged from today's accounting under AASB 117. Lessors will continue to classify all leases using the same classification principle as in AASB 117 and distinguish between two types of leases: operating and finance leases.</p>	Annual reporting periods beginning on or after 1 January 2019

2. REVENUE

	2019	2018
	\$	\$
The Consolidated Entity's operating loss before income tax includes the following items of revenue:		
Revenue		
Interest revenue	35,281	82,423
	<u>35,281</u>	<u>82,423</u>
Other		
Net gain on financial assets at fair value through profit or loss	-	529,960

Other income	159,151	-
Foreign exchange gain	10,917	13,731
	<u><u>306,461</u></u>	<u><u>666,576</u></u>

Accounting policy

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Consolidated Entity and the revenue can be reliably measured. All revenue is stated net of the amount of Goods and Services Tax (GST) except where the amount of GST incurred is not recoverable from the Australian Tax Office. The following specific recognition criteria must also be met before revenue is recognised:

(i) Sale of financial assets, goods and other assets

Revenue from the sale of financial assets, goods or other assets is recognised when the Consolidated Entity has passed control of the financial assets, goods or other assets to the buyer.

(ii) Interest revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

(iii) Dividend revenue

Dividend revenue is recognised when the right to receive a dividend has been established. The Consolidated Entity brings dividend revenue to account on the applicable ex-dividend entitlement date.

(iv) Other revenues

Other revenues are recognised on an accruals basis.

3. EXPENSES

Accounting policy

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Consolidated Statement of Profit or Loss and Other Comprehensive Income, except when they are deferred in equity as qualifying cash flow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation. Foreign exchange gains or losses that relate to borrowings are presented in the Consolidated Statement of Profit or Loss and Other Comprehensive Income within finance costs. All other foreign exchange gains and losses are presented in the Consolidated Statement of Profit or Loss and Other Comprehensive Income on a net basis within other income or operating expenses.

4. SEGMENT INFORMATION

The operating segments are reported in a manner consistent with the internal reporting provided to the Managing Director. The Managing Director is responsible for allocating resources and assessing performance of the operating segments and has considered the business and geographical perspectives of the operating results and determined that the Consolidated Entity operates only in Australia, Peru and Argentina.

Unrecognised deferred tax asset - other	4,238,211	4,238,211
	<u>12,516,924</u>	<u>12,342,133</u>

Critical accounting judgement and estimate

Deferred tax assets have not been recognised as, in the Directors' opinion, it is not probable that future taxable profit will be available against which the Consolidated Entity can utilise the benefits. The utilisation of revenue and capital tax losses are subject to compliance with taxation legislation.

Accounting policy

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and for unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company's subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the financial year ended 30 June 2019

5. INCOME TAX EXPENSE (continued)

Accounting policy (continued)

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in foreign operations where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities, and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity, respectively.

6. LOSS PER SHARE	2019	2018

The following represents the loss and weighted average number of shares used in the EPS calculations:

	Shares	Shares
Weighted average number of ordinary shares	145,334,268	145,334,268

Accounting policy

Basic earnings/loss per share is determined by dividing the operating result after income tax by the weighted average number of ordinary shares on issue during the financial period.

Diluted earnings/loss per share adjusts the figures used in the determination of basic earnings/loss per share by taking into account amounts unpaid on ordinary shares and any reduction in earnings/loss per share that will probably arise from the exercise of options outstanding during the financial period.

	\$	\$
Listed securities at fair value	<u>1,340,686</u>	<u>1,932,400</u>

Accounting policy

Financial instruments are initially measured at cost on trade date, which includes transaction costs, when the related contractual rights or obligations exist. Subsequent to initial recognition, financial assets at fair value through profit and loss acquired principally for the purpose of selling in the short term or if so designated by management and within the requirements of AASB 9 (Financial Instruments) will recognise its realised and unrealised gains and losses arising from changes in the fair value of these assets in the Statement of Profit or Loss and Other Comprehensive Income in the period in which they arise.

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the balance sheet date which is the current bid price.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

9. FINANCIAL RISK MANAGEMENT

The Consolidated Entity's financial instruments consist of deposits with banks, receivables and payables. The Consolidated Entity's financial instruments are subject to market (which includes interest rate and foreign exchange risk), credit and liquidity risks.

The Board is responsible for the overall internal control framework (which includes risk management) but no cost-effective internal control system will preclude all errors and irregularities. The system is based, in part, on the appointment of suitably qualified management personnel. The effectiveness of the system is continually reviewed by management and at least annually by the Board.

The financial receivables and payables of the Consolidated Entity in the table below are due or payable within 30 days. The Consolidated Entity holds the following financial assets and liabilities:

	Note	2019 \$	2018 \$
Cash and cash equivalents	7	1,289,411	2,361,403
Receivables	11	166,391	46,221

Payables	13	(112,307)	(89,610)
Net financial assets		1,343,495	2,318,014

(a) Market risk

Market risk is the risk that the fair value and/or future cash flows from a financial instrument will fluctuate as a result of changes in market factors. Market risk comprises of price risk from fluctuations in the fair value of equities, foreign exchange risk from fluctuations in foreign currencies and interest rate risk from fluctuations in market interest rates.

(i) Price risk

The Consolidated Entity is exposed to equity securities price risk. This arises from investments held by the Consolidated Entity and classified in the Statement of Financial Position at fair value through profit or loss. The Consolidated Entity is exposed to commodity price risk in respect of its investments indirectly via market risk and equity securities price risk.

The value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument, its issuer or factors affecting all instruments in the market. By its nature as an investment company, the Consolidated Entity will always be subject to market risk as it invests its capital in securities that are not risk free. This is reflected in the market price of these securities which can and will fluctuate. The Consolidated Entity does not manage this risk through entering into derivative contracts, futures, options or swaps.

Equity price risk is minimised through ensuring that investment activities are undertaken in accordance with Board established mandate limits and investment strategies.

The Consolidated Entity has performed a sensitivity analysis on its exposure to equity securities price risk for listed and unlisted financial assets at fair value through profit or loss. The analysis demonstrates the effect on the current year results and equity which could result from a change in these risks. The ASX/S&P 200 Accumulation Index was utilised as the benchmark for the investment portfolio.

Decrease 5%	(67,034)	(96,620)	(67,034)	(96,620)

(ii) *Foreign exchange risk*

The Consolidated Entity operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the US dollar and Peruvian Nuevo Soles.

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Consolidated Entity's functional currency. The risk is measured using sensitivity analysis and cash flow forecasting.

The Consolidated Entity has a policy of not hedging foreign exchange risk and therefore has not entered into any hedging against movements in foreign currencies against the Australian dollar, including forward exchange contracts, as at the reporting date and is currently fully exposed to foreign exchange risk.

The Consolidated Entity's exposure to foreign exchange risk expressed in US dollars at the reporting date are as follows:

	2019	2018
	USD	USD
Cash and cash equivalents	39,695	36,742
Payables	(34,007)	(58,970)
Net financial assets/(liabilities)	5,688	(22,228)

The Consolidated Entity has performed a sensitivity analysis on its exposure to exchange risk. The management assessment is based upon an analysis of current and future market position. The analysis demonstrates the effect on the current year results and equity when the Australian dollar strengthened or weakened by 10% against the foreign currencies detailed above.

Decrease 10%	(569)	2,223	-	-

(iii) *Interest rate risk*

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Consolidated Entity's exposure to market risk for changes in interest rates relate primarily to investments held in interest bearing instruments. The weighted average interest rate of the cash at bank for the year for the table below is 1.93% (2018: 2.44%).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Term deposit	25,000	2,025,754
	1,289,411	2,361,403

The following table illustrates the sensitivity of profit and equity to a reasonably possible change in interest rates based on observation of current market conditions. The calculations are based on a change in the average market interest rate and the financial instruments that are sensitive to changes in interest rates.

	Impact on post-tax profit		Impact on equity	
	2019	2018	2019	2018
	\$	\$	\$	\$
Increase by 25bps	3,224	5,904	-	-
Decrease by 25bps	(3,224)	(5,904)	-	-

(b) Liquidity risk

Liquidity risk is the risk that the Consolidated Entity will encounter difficulty in meeting obligations associated with financial liabilities. The Consolidated Entity has no borrowings. The Consolidated Entity's non-cash investments can be realised to meet trade and other payables arising in the normal course of business. The financial liabilities disclosed in the above table have a maturity obligation of not more than 30 days.

(c) Credit risk

Credit risk refers to the risk that a counterparty under a financial instrument will default (in whole or in part) on its contractual obligations resulting in financial loss to the Consolidated Entity. Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions, including outstanding receivables and committed transactions. Concentrations of credit risk are minimised primarily by the management carrying out all market transactions through recognised and creditworthy brokers and the monitoring of receivable balances. The Consolidated Entity's business activities do not necessitate the requirement for collateral as a means of mitigating the risk of financial loss from defaults.

The credit quality of the financial assets are neither past due nor impaired and can be assessed by reference to external credit ratings (if available with Standard & Poor's) or to historical information about counterparty default rates. The maximum exposure to credit risk at reporting date is the carrying amount of the financial assets as summarised below:

	2019	2018
	\$	\$
Cash and cash equivalents		
AA-	1,232,048	2,311,184

10. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair value hierarchy

AASB 13 (Fair Value Measurement) requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- (i) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- (ii) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- (iii) Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Financial assets at fair value through profit or loss:				
Listed securities at fair value				
2019	1,340,686	-	-	1,340,686
2018	1,932,400	-	-	1,932,400

There have been no transfers between the levels of the fair value hierarchy during the financial year.

(a) Valuation techniques

The fair value of the listed securities traded in active markets is based on closing bid prices at the end of the reporting period. These investments are included in Level 1.

The fair value of any assets that are not traded in an active market are determined using certain valuation techniques. The valuation techniques maximise the use of observable market data where it is available, or independent valuation and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2. If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

(b) Fair values of other financial assets and liabilities

Risk exposure

The Consolidated Entity's exposure to credit and interest rate risks is discussed in Note 9.

Accounting policy

AASB 9 (Financial Instruments) introduces a new expected credit loss (ECL) impairment model that requires the Consolidated Entity to adopt an ECL position across the Consolidated Entity's financial assets at 1 July 2018. The Consolidated Entity's receivables balance comprises deposits, GST refunds from the Australian Tax Office and distributions from managed trusts.

At each reporting date, the Consolidated Entity reviews the carrying value of its financial assets based on the ECL model under AASB 9, which proposes three approaches in assessing impairment:

- (i) the simplified approach (which will be applied to most trade receivables) which requires the recognition of lifetime ECLs by considering forward-looking assumptions and information regarding expected future conditions affecting historical customer default rates;
- (ii) the general approach (which will be applied to most loans and debt securities) whereby ECL is recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, the Consolidated Entity will provide for credit losses that result from default events that are possible within the next 12 months. For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance will arise for credit losses expected over the remaining life of exposure, irrespective of the timing of the default; and
- (iii) For purchased or originated credit-impaired receivables, the fair value at initial recognition already takes into account lifetime expected losses. At each reporting date, the Consolidated Entity updates its estimated cash flows and adjusts the loss allowance accordingly.

The loss allowances for financial assets are based on the assumptions about risk of default and expected loss rates. The Consolidated Entity uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Consolidated Entity's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The Consolidated Entity has not recognised any additional impairment to its current receivables or non-current receivables as a result of the application of AASB 9. This is due to the fact that the Consolidated Entity does not consider that there are any further ECL to the current carrying values of its current receivables or its non-current receivables.

12. EXPLORATION AND EVALUATION EXPENDITURE (continued)

Critical accounting estimates and judgements

The Consolidated Entity has assessed the carrying amount of the exploration and evaluation in accordance with AASB 6 (Exploration for and Evaluation of Mineral Resources). The ultimate recoverability of deferred exploration and evaluation expenditure is dependent on the successful development or sale of the relevant area of interest.

Accounting policy

Exploration and evaluation expenditure incurred is initially capitalised in respect of each identifiable area of interest where the Consolidated Entity has right of tenure. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence or otherwise of economically-recoverable reserves. Accumulated costs in relation to an abandoned area are written off in full against profit in the year in which the decision to abandon the area is made.

Under AASB 6 (Exploration for and Evaluation of Mineral Resources), if facts and circumstances suggest that the carrying amount of any recognised exploration and evaluation assets may be impaired, the Consolidated Entity must perform impairment tests on those assets and measure any impairment in accordance with AASB 136 (Impairment of Assets). Any impairment loss is to be recognised as an expense. A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

13. PAYABLES	2019	2018

Trade payables	89,417	62,043
Other creditors and accruals	22,890	27,114
Withholding tax	-	453
	112,307	89,610

Accounting policy

These amounts represent liabilities for goods and services provided to the Consolidated Entity prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Accounting policy

Ordinary shares are classified as equity. Fully paid ordinary shares carry one vote per share and the right to dividends.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or options for the acquisition of a business are not included in the cost of the acquisition as part of the purchase consideration.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

15. RESERVE	2019	2018
	\$	\$
Share-based payments reserve	13,233,026	13,233,026
Foreign currency translation reserve	1,841,075	1,763,731
	<u>15,074,101</u>	<u>14,996,757</u>

(a) Share-based payments reserve

The share-based payments reserve records the consideration (net of expenses) received by the Company on the issue of options. In relation to options issued to Directors and employees for nil consideration, the fair values of these options are included in the share-based payments reserve.

(b) Foreign currency translation reserve

Exchange differences arising on translation of the foreign controlled entities are taken to the foreign currency translation reserve as described in the accounting policy note below and accumulate in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed of.

Accounting policy

Foreign currency translation reserve

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- (ii) income and expenses for Consolidated Statement of Profit or Loss and Other Comprehensive Income are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- (iii) all resulting exchange differences are recognised in Other Comprehensive Income.

On consolidation, exchange differences arising from the translation of any net investment in foreign entities, and of borrowings and other financial instruments designated as hedges of such investments, are recognised in Other Comprehensive Income.

16. CAPITAL RISK MANAGEMENT

The Company's objectives when managing its capital are to safeguard its ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders and to maintain a capital structure balancing the interests of all shareholders.

The Board will consider capital management initiatives as is appropriate and in the best interests of the Company and shareholders from time to time, including undertaking capital raisings, share buy-backs, capital reductions and selling assets to reduce debt.

The Consolidated Entity has no external borrowings.

18. INVESTMENT IN CONTROLLED ENTITIES (continued)

Accounting policy

Subsidiaries are all entities (including structured entities) over which the Consolidated Entity has control. The Consolidated Entity controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Consolidated Entity.

Intercompany transactions, balances and unrealised gains on transactions in the Consolidated Entity are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the assets transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Consolidated Entity.

19. RELATED PARTY TRANSACTIONS

(a) Transactions with key management personnel

Refer to the Remuneration Report contained in the Directors' Report for details of the remuneration paid or payable to each member of the Consolidated Entity's KMP for the year ended 30 June 2019. The total remuneration paid to KMP of the Consolidated Entity during the year is as follows:

	2019	2018
Directors	\$	\$
Short-term employee benefits	423,000	422,998
Post-employment benefits	35,910	35,910

(b) Transactions with other related parties

No other related party transactions have been identified other than those disclosed above.

20. AUDITORS' REMUNERATION

During the year the following fees were paid for services provided by the auditor of the parent entity, its related practices and non-related audit firms:

	2019	2018
<u>Audit and review of financial statements</u>	\$	\$
Rothsay Auditing	14,000	14,000

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the financial year ended 30 June 2019

21. COMMITMENTS

(a) Lease Commitments

On 1 February 2019, the Consolidated Entity entered into a non-cancellable operating lease agreement for shared office accommodation. The lease was for a further 12 month term expiring on or about 31 January 2020. The lease commitment is the Consolidated Entity's share of the lease costs and includes all outgoings (inclusive of GST).

(b) Mineral Tenements/Concessions - Commitments for Expenditure

(i) Australian Tenements

In order to maintain current rights of tenure to exploration tenements, the holders of Australian mineral tenements are required to outlay lease rentals and meet minimum expenditure commitments. The Consolidated Entity does not currently have any material commitments for expenditure relating to Australian tenements.

(ii) Peruvian Mineral Concessions

The Consolidated Entity is required to pay annual licence fees by 30 June of each year, at rates which vary on an amount per-hectare basis. The total amount of this commitment will depend upon the number and area of concessions retained, relinquished or granted (if any) and cannot therefore be reliably estimated.

22. CONTINGENCIES

(a) Australian Native Title

The Consolidated Entity's tenements in Australia may be subject to native title applications in the future. At this stage, it is not possible to quantify the impact (if any) that native title may have on the operations of the Consolidated Entity.

(b) Government Royalties

The Consolidated Entity is liable to pay royalties on production obtained from its mineral tenements/concessions.

(c) Directors' Deeds

The Consolidated Entity has entered into deeds of indemnity with Strike Resources Limited Directors, indemnifying them against liability incurred in discharging their duties as Directors/officers of the Consolidated Entity. As at the reporting date, no claims have been made under any such indemnities and, accordingly, it is not possible to quantify the potential financial obligation of the Consolidated Entity under these indemnities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the financial year ended 30 June 2019

22. CONTINGENCIES (continued)

(d) Deferred Payments from Settlement Agreement Relating to Apurimac Ferrum SAC

Pursuant to a settlement agreement dated 30 December 2012 whereby the Consolidated Entity acquired the (50%) balance of equity interest in Apurimac Ferrum SAC (**AF**) (the holder of the Apurimac and Cusco Projects) from D&C Pesca SAC, the Consolidated Entity has a series of deferred payment obligations as outlined below.

The Consolidated Entity has payment obligations if certain milestones are achieved as follows:

- (i) **Resource Milestone Payment:** US\$2 million on the delineation of at least 500 Mt of JORC Mineral Resources at an average grade of at least 55% Fe with at least 275 Mt of contained iron having an average grade of at least 52.5% Fe, on the Apurimac Project mineral concessions.
- (ii) **Approvals Milestone Payment:** Up to US\$3 million on AF receiving all formal government environmental and community approvals for the construction and operation of an iron ore mine and required infrastructure with a design capacity of at least 10Mtpa of iron ore product, relating to the Apurimac Project mineral concessions.
- (iii) **Construction Milestone Payment:** Up to US\$5 million on formal approval of the AF Board to commence construction of an iron ore project or the commencement of bulk earthworks for an iron ore mine or processing plant, in either case with a design capacity of at least 10Mtpa of iron ore product, relating to the Apurimac Project mineral concessions.

The Consolidated Entity has royalty payment obligations as follows:

- (i) 1.5% of the net profits from sales of iron ore mined and iron ore products produced from the Apurimac and Cusco Project mineral concessions.
- (ii) 2% of the proceeds of sales of other metals (on a net smelter return basis) mined from the Apurimac and Cusco Project mineral concessions.

AF may extinguish the royalties (save for royalties on other metals up to a cap of US\$0.5 million per annum) by making an Extinguishment Payment as follows - US\$30 million, if paid 4 years from 20 December 2012 but before the Construction Milestone occurs or the 15th anniversary of the settlement agreement (whichever is sooner).

Due to the inherent uncertainty surrounding the achievement and timing of the above milestones/royalty triggers, the Consolidated Entity regards these future payment obligations as contingencies.

For further background details, refer also to Strike's ASX Announcement dated 31 December 2012: Strike Moves to 100% Ownership of AF

(e) Legal Disputes Over Peru Mineral Concessions

The Consolidated Entity has successfully defended against a number of legal actions and claims made by several Peruvian parties (that have had a contractual relationship with AF) relating to the Consolidated Entity's mineral concessions in Peru. Whilst there still remain some outstanding claims and appeals, the Consolidated Entity believes that they will all eventually be dismissed, consistent with previous decisions by the relevant Peruvian authorities.

For further background details, refer also to Strike's ASX Announcement dated 1 May 2014: Strike Wins Millenium Arbitration Case in Peru.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the financial year ended 30 June 2019

22. CONTINGENCIES (continued)

(f) Deferred Payments Relating to Acquisition of Solaroz Lithium Project (Argentina)

In March 2019, the Consolidated Entity entered into an agreement to acquire a 90% shareholding in Hananta S.A. (incorporated in Argentina) (**Hananta**). Hananta has, in turn, entered into an Option and Purchase Agreement (**Agreement**) with the registered legal and beneficial owner (**Owner**) of applications for exploitation concessions (totalling 12,000 ha) currently being processed before the Administrative Mining Court of the Province of Jujuy (**Mining Properties**) which comprise the Solaroz Lithium Brine Project (**Solaroz**) located in northern Argentina.

Under the Agreement, Hananta will make a series of payments in cash and (at the election of the Consolidated Entity, shares) over 4 years totaling US\$6,590,000 to the Owner according to the schedule below:

Hananta's Payments to the Owner	Cash US\$	Cash or Shares US\$	Total US\$
On execution of the Agreement	140,000	-	140,000
6 months after the approval of the Environmental Impact Assessment (EIA) Report	120,000	-	120,000
12 months after EIA approval	330,000	-	330,000
18 months after EIA approval	880,000	750,000	1,630,000
30 months after EIA approval	1,180,000	1,000,000	2,180,000
42 months after EIA approval	1,190,000	1,000,000	2,190,000
Total	3,840,000	2,750,000	6,590,000

At the completion of the payments to the Owner, registered title to the Mining Properties will be transferred to Hananta. The Consolidated Entity can elect to terminate Hananta's Agreement with the Owner at any time, with no penalty.

Strike will fund 100% of the development costs for Solaroz (including the abovementioned payments to the Owner) to the completion of a bankable feasibility study, with such funding to be provided as loans to Hananta, to be repaid to the Consolidated Entity as a priority prior to any distributions to shareholders. Thereafter, Hanaq Argentina S.A. (Hanaq) (as the other 10% shareholder in Hananta) will contribute pro-rata or dilute. Hanaq can at any time elect to covert its holding in Hananta to a 1% Net Smelter Royalty.

Further details are also contained in Strike's ASX announcement dated 13 March 2019: Strike Secures Solaroz Lithium Brine Project in Argentina's Lithium Triangle.

23. EVENTS OCCURRING AFTER THE REPORTING PERIOD

- (a) On 18 July 2019, the Company raised \$0.981 million (gross) through a placement of 21,800,000 shares at 4.5 cents per share to professional and sophisticated investors.

No matter or circumstance has arisen since the end of the financial year that significantly affected, or may significantly affect, the operations of the Consolidated Entity, the results of those operations, or the state of affairs of the Consolidated Entity in future financial periods.

DIRECTORS' DECLARATION

The Directors of the Company declare that:

- (1) The financial statements, comprising the Consolidated Statement of Profit or Loss and Other Comprehensive Income, Consolidated Statement of Financial Position, Consolidated Statement of Cash Flows, Consolidated Statement of Changes in Equity, and accompanying notes as set out on pages 19 to 43 are in accordance with the *Corporations Act 2001 (Cth)* and:
 - (a) comply with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting; and
 - (b) give a true and fair view of the Consolidated Entity's financial position as at 30 June 2019 and of their performance for the year ended on that date;
- (2) In the Directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
- (3) The Directors have been given the declarations required by section 295A of the *Corporations Act 2001 (Cth)* by the Managing Director (the person who, in the opinion of the Directors, performs the Chief Executive Officer function) and Company Secretary (the person who, in the opinion of the Directors, performs the Chief Financial Officer function); and
- (4) The Company has included in the notes to the Financial Statements an explicit and unreserved statement of compliance with the International Financial Reporting Standards.

This declaration is made in accordance with a resolution of the Directors made pursuant to section 295(5) of the *Corporations Act 2001 (Cth)*.

INDEPENDENT AUDIT REPORT TO THE MEMBERS OF STRIKE RESOURCES LTD

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Strike Resources Ltd (“the Company”) and its subsidiaries (“the Group”) which comprises the consolidated statement of financial position as at 30 June 2019, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended on that date and notes to the financial statements, including a summary of significant accounting policies and the directors’ declaration of the Company.

In our opinion the financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group’s financial position as at 30 June 2019 and of its financial performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under these standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Report* section of this report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 *Code of Ethics for Professional Accountants* (the “Code”) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor’s report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters

Cash and cash equivalents

The Group's cash and cash equivalents comprise 434% of total assets by value and are considered to be the key driver of the Group's operations and exploration activities. We do not consider cash and cash equivalents to be at a high risk of significant misstatement, or to be subject to a significant level of judgement. However due to the materiality in the context of the financial statements as a whole, they are considered to be an area which had an effect on our overall strategy and allocation of resources in planning and completing our audit.

Our procedures over the existence of the Group's portfolio of cash and cash equivalents included but were not limited to:

- Documenting and assessing the processes and controls in place to record cash transactions;
- Testing a sample of cash payments to determine they were bona fide payments, were properly authorised and recorded in the general ledger; and
- Agreeing 100% of cash holdings to independent third party confirmations.

We have also assessed the appropriateness of the disclosures included in notes 1 and 7 to the financial report.

Investments

The Group's portfolio of financial assets at fair value comprise 35% of total assets by value and are considered to be the key driver of the Group's operations. We do not consider financial assets at fair value to be at a high risk of significant misstatement or to be subject to a significant level of judgement. However due to their materiality in the context of the financial statements as a whole, they are considered to be an area which had an effect on our overall strategy and allocation of resources in planning and completing our audit.

Our procedures over the existence, completeness and valuation of the Group's portfolio of financial assets at fair value included but were not limited to:

- Documenting and assessing the processes and controls in place to record transactions and to value the assets;
- Agreeing the fair value of the listed investments to externally quoted prices, which was the closing bid price at 30 June 2019;
- Agreeing holdings in financial assets at fair value to independent third party documentation; and
- Performing a recalculation of the total value of investments.

We have also assessed the appropriateness of the disclosures included in Notes 1 and 8 to the financial report.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2019, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed we conclude there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Directors' Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or cease operations, or have no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: www.auasb.gov.au/Home.aspx

We communicate with the directors regarding, amongst other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe those matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communications.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the remuneration report included in the directors' report for the year ended 30 June 2019.

In our opinion the remuneration report of Strike Resources Ltd for the year ended 30 June 2019 complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
