### About Pancontinental

Pancontinental Oil & Gas is a petroleum (oil and gas) exploration company based in Perth, Western Australia and listed on the Australian Securities Exchange (ASX: PCL).

With a focus on Africa and Australia, it has excellent exposure to a range of high-potential oil and gas targets.

High levels of project equity, together with Pancontinental's modest market capitalisation, mean that the Company is very well leveraged in the event of exploration success. Pancontinental has interests in three exploration licences offshore Kenya: L10A, L10B and L6. Pancontinental has a 40% interest in the offshore section of licence L6 and 16% in the onshore portion, an 18.75% interest in Kenya licence L10A (Sunbird) and 15% in L10B.

Co-venturers in these three Kenyan licences (although not in each licence) are BG Group PTTEP, Premier Oil and FAR Limited.

Pancontinental holds a 30% free-carried interest in offshore Namibia licence EL0037, where Tullow Oil has recently completed a 3D seismic program as part of its farm-in agreed in September 2013.

Pancontinental's website is [www.pancon.com.au/](http://www.pancon.com.au/)
